**Choir**  
3rd-12th grade

**Principal Ursula Schoeneich - Mobile: (949) 285 - 0829**

**GERMAN SCHOOL** *campus.com*

## **German World Language: K-12th grade**

Learning German can offer new academic and professional prospects in German-speaking countries, and industries like science, engineering, and the arts where German is prominent. It's the most spoken language in the European Union and is significant for diplomacy, trade, and tourism. German studies can promote cultural understanding, and knowledge of German literature, music, philosophy, and history, along with intercultural communication opportunities.

## **Spanish World Language: K-12th grade**

Our immersive Spanish language program facilitates interactive and engaging classes led by seasoned instructors to enhance students' language skills comprehensively. Being the second most spoken language globally, learning Spanish offers valuable communication with Spanish-speaking communities and diverse cultural perspectives. Our curriculum prioritizes cultural appreciation and understanding, enabling students to grasp Spanish-speaking countries' customs, traditions, and contributions to the world.

## **Culinary Arts: Cooking and Baking classes: K-12th grade**

Our cooking and baking classes develop essential life skills such as following directions, including problem-solving, measuring, and adhering to instructions while promoting imagination and creativity. The program stresses wholesome and nutritious cooking, empowering children to create delicious meals and treats that they can share with their families.

## **Handwriting class: 1st-3rd grade**

Our handwriting classes promote fine motor skills, spatial awareness, and hand-eye coordination critical for academic and daily tasks among first to third-grade students. Our curriculum highlights legibility, spacing, and letter formation, imparting the necessary tools and techniques to produce impressive, clear, and concise written work, showcasing children's best abilities.

## **Hybrid class: 3rd-12th grade**

Hybrid classes are valuable as they enable students to tailor their learning experience to their preferences and schedule, combining both in-person and online instruction. Our hybrid classes offer a blend of interactive and collaborative learning experiences on-campus and virtually, nurturing community, support, and belonging among students.

## **Choir class: 3rd-12th grade**

Joining a choir class with a great instructor can be a wonderful experience for elementary and middle school children. Not only do they get to learn how to sing and perform together as a group, but they also develop valuable skills such as teamwork and discipline. The instructor can make the classes fun and engaging, while also challenging the students to improve their vocal abilities. It's a great way for children to express themselves and build their confidence.
